Subject: Demurrage Invoices

Jame,

Here are the invoices pertaining to trucks demurrage charges (TF Strike, Curahee, Retro 11 and SMU ONE). Last time I have already sent you the TF Strike one and if you see that bill one item has been missed to be calculated, 25 days demurrage (attached the update one)

Could you update us the status of the payments for Extra charges and exord. transfor?

What is the status of the units which we have handed them over to your new party? How many units were moved so far?

If any question do not hesitate to contact me

Regards

Abdullah Ali Gharjy
