On April 2, 2021, the Southern Poverty Law Center ("SPLC") and Civil Rights Corps ("CRC') viole to you regarding arinvestigation into Knox Carty, Terressee's (the "Carty") bail practices As we noted in that letter, we concluded based on that investigation, that the Courty's bail practices violatestate and federal law GYEx 1, SPLC/CRC Letter of April 2, 2021. Inpaticular, vented the Courty's failue to adme to the constitutional standards laid out in HffYgj"7c``bg No 220CV-00086 2020WL 7708883(ED. Tern Nov. 3, 2020), in which Judge Clifton L. Corker preliminarily enjoined similar bail practices in mightoning Handlen Carty¹

¹ In May of 2021, Judge Corker certified the following class in Hiffyg "All inj P, ri in

Judge Coder also held that these <u>provedual</u> protections alone are insufficient. Because petial detertion "infinges upon the furthmental right of an individual's personal liberty," [X'at *8 the County must also satisfy the requirements of substantive due process. As Judge Coder explained, substantive due process is violated "no matter what process is provided, unless the infingment" of an anestee's furthmental right to pretrial liberty "is removely tailored to serve a compelling state interest." =X'(quoting KU&]b[hebj ''; `i V&Vf[, 521 U.S. 702, 721 (1997)); gY Ugc [X'at * 10("[S]ubstantive due process requires that the count must restrict its abridgement of an individual's liberty interest in as remove avery as possible").

Julge Coder's substantive due process ruling has significant implications for the

onthe State to justify any infingment of fundmental rights and the United States Superne Court has emphasized the importance of placing the buckmon the State in other contexts before a personis liberty may be cutailed 'GYZY[',': ci WUj''@ci]gUbU 504 U.S. 71, 81–82 (1999) (finding Louisiane's civil commitment statute unconstitutional in part because, "[u]rilite the shappy focused scheme at issue in CUYfbc," where "the Statemust prove by clear and convincing evidence that [acciminal defendant] is demonstrably dargenous the community. . . Because any infingment of a person's fundamental night to petrial liberty is subject to heightend souting, the State must also bear the burden in the bail context to establish that any riskordagertothecommunity.⁴ Forezample, inthefollowing exchange between a judge and a public defender at a second ball hearing the judge expressed uncertainty about who has the burden at a bail hearing but the mequired the public defender to convince him that the passon could be safely released from pretrial detention

This statement illustrates how the Knox County General Sessions judges continue to detain people invictation of their constitutional rights by treating detention as the default condition and requiring the anestee to convince a judge of herwise. But an estees have a fundmental right to pretrial liberty that can only be infinged if heightened soutiny is satisfied. Thus, a judge must first turn to the <u>State</u> to establish why detention is necessary, and why there are no less restrictive conditions of release that can reasonably ensure court attendance or public safety. The judges' failure to hold proceutions to this buden—and to instead place the buden channes to convince them that detention is uncessary—violates an estees' substantive and procedual due process rights.

2 Treating the magistrate's bail determination as presumptively correct rather than makinga bail determination at the first appearance in General Sstes Before recert charges to bail-setting practices, the initial bail-setting in Krox County was ready identical to the practices enjoined in Hamblen County. As in Hamblen County, Krox County magistrates set bail Y' diffY "without any regard for an anestee's individual circumstances' such as "the anestee's employment, financial condition and the like." HiffYg 2020 WL 7705983 at *9 The magistrate's bail determination appeared to be utterly abitrary. when SPLC attorneys asked how magistrates determined the bail amount, one magistrate lided his finger and pointed to the sky, as if pulling an unber out of thin air or deciding which way the wind was blowing another magistrate concelled to a reporter that his bail practices violated the Constitution Letter to Krox County, Ex 1 at 4, gWUgc Jamie Saterfield, >i X, YgWi g' UgXVU]`` "Ukg/UX[144]gymi, known was come (March 3, 2021). Dear Legal System Actors,

The Southern Poverty Law Center (SPLC) and Civil Rights Corps (CRC) are committed to ensuring that a person's pretrial freedom does not depend on their access to money. We have filed lawsuits in state and federal courts across the country challenging the use of secured money bail to detain impoverished people before trial. The majority of those lawsuits have resulted in settlements or preliminary injunctions ending the illegal use of money to keep people in jail without the robust procedures that must accompany any order of p-1(c)-1(c)a3/<(r)(r)3(of)-970443aWalker v. A federal court, for example, recently awarded \$4.7 million in attorneys' fees and costs against Harris County, Texas, after CRC filed a lawsuit challenging its reliance on secured money bail.

We spent the last 2.5 years investigating Knox County's (7lM2(t)-2(h)5(e)-1(l)-2(a)-1()-1(..c)sjgTd

- An opportunity to present evidence and cross-examine the government's witnesses, *see id.* at *11;
- An inquiry into, and factual findings that address, the arrestee's ability to pay, *see id.* at *12;
- Meaningful consideration of "alternative conditions of release[,]" *id*.; and
- Findings made in writing or, "at a minimum," verbally on the record regarding the adequacy of such alternative conditions, *id*.

Judge Corker's decision is consistent with rulings from across the country, which have additionally required courts to satisfy the "clear and convincing" evidentiary standard

more than 75% of people in custody are in pretrial detention.⁴ We describe in more detail below why the County's pretrial practices violate state law and the federal Constitution.⁵

A. Warrant Application

Conditions of release in Knox County are initially set on an electronic warrant at the jail after an *ex parte* conversation between the arresting officer and magistrate. Magistrates often rely on information provided by law enforcement officers outside the four corners of the warrant application in setting conditions of release, but do not identify that information in the warrant or explain why any conditions are required. And, if financial conditions are imposed, a dollar amount is simply written on the warrant without further explanation. This "mak[es] the task of identifying error and challenging the bail amount unreasonably—and potentially insurmountably—difficult." *Schultz*, 330 F. Supp. 3d at 1373.

The magistrate's decision is sometimes aided by a risk assessment score, but the use of a risk assessment tool cannot substitute for the procedural protections—such as notice, counsel, and the opportunity to present and confront evidence—that Judge Corker held that the constitution requires. Moreover, the tool itself does not account for all of the statutory factors—including the person's employment, community, and family ties—that Tennessee law requires a magistrate to consider before setting conditions of release.⁶ .14tdent(e)-1niitillr37.(t) p-2(s).1--2(lB1-1(C.(t) nc)3t)(14t undet)

appearances do so electronically, with the arrestee remaining in jail and the magistrates appearing

with bail remaining as it was initially set, having no consideration given to their ability to pay or any alternative conditions of release.

Torres, 2020 WL 7706883, at *10.

Indeed, rather than evaluating a person's conditions of release, General Sessions Court judges routinely give misdemeanor defendants a choice between a public defender—and continued pretrial detention—or a guilty plea and time-served in jail. This violates the Sixth Amendment right to counsel that Judge Corker held is applicable to bail hearings. *Torres*, 2020 WL 7706883, at *13 ("Simply put, an arrestee has a right to representation at a bail hearing or at an initial appearance hearing that also constitutes a bail hearing."). The following exchange is typical:

Because of these practices, every year hundreds of people agree to uncounseled pleas simply to get out of jail:

Those misdemeanor arrestees who do not plead guilty often languish in jail for weeks before any opportunity to argue for alternative conditions of release—even though many federal courts have required constitutionally adequate bail hearings to be held within 48 hours after arrest. *See Torres*, 2020 WL 7706883, at *13.

C. Preliminary Hearing

Bail practices are similar for felony defendants. In Knox County, the first opportunity for a felony defendant to argue for alternative conditions of release is the preliminary hearing scheduled up to two weeks following the individual's arrest. Even then, bail is only reviewed if an arrestee files a motion for a bond reduction and the hearing itself does not afford all the procedural protections that Judge Corker found to be constitutionally required.⁹

III. <u>Empirical evidence and cost</u>

A. Money bail does not advance the County's interests

Knox County's bail practices are not only unconstitutional, but also bad public policy. Empirical evidence demonstrates that there is no significant relationship between "

Detention on unaffordable money bail also increases the likelihood of conviction.¹⁴ Studies show that those detained pretrial face worse outcomes at trial and sentencing than those released pretrial, even when charged with the same offense.¹⁵ Controlling for other factors, those detained pretrial will be given longer jail sentences.¹⁶

For example, Washington, D.C., releases more than 94% of all defendants without financial conditions of release, and no one is detained on secured money bail that they cannot afford.¹⁹ Empirical evidence shows that nearly 90% of released defendants in D.C. make all court appearances, nearly 90% complete the pretrial release period without any new arrests, and 98-99% consistently avoid re-arrest for violent crime.²⁰

Amendment rights to a public trial,

V. <u>Conclusion</u>

We would prefer to work collaboratively with you to address our concerns about Knox County's bail practices. However, we will explore all our options if immediate steps are not taken to bring Knox County's bail practices in line with state law

1	incidentally doing this right does require re-reading

3	You know, and there are some people who are smarter

7	So, until I get that information and when

10	information, no matter how you slice it, you know, you	
11	can say, well, it's their burden. You know, that's

18	we're arguing that. I don't know for sure, I use the

11 there will be a 48-hour bond here, I don't know. 1 2 So, the bottom line is, if you want me to 3 know something, then you have to present it. Right now it looks like we've got serious offenses. 4 I'm 5 going to review the narratives in the warrants. I'm 6 going to scan the statutes real quick. But I don't 7 know anything but what he's charged with, and let's 8 take that one logical step further. That puts me in 9 the position of doing de facto what Magistrates have historically done, which is, looks serious, better add 10 a couple of zeroes. 11 12 You know, I don't agree that that's the right 13 thing to do either, because I don't want people who 14 might be charged with something that they might have a 15 defense to, but they are poor and so they rot in a 16 pokey till we can get around to it. I absolutely 17 don't want that. But having some sort of moral 18 conviction to try and do the right thing doesn't 19 necessarily mean that we're going to defaulting to 20 doing the right thing because we have good intentions. 21 So, let's do this. Let me at least read the 22 narrative, let me at least read the statute before I

5	You know, at this stage, as a practical

3	get it right, in case there is ever an appeal and what
4	I say in this tape gets reviewed by smarter judges
5	than myself who get 8, 10 weeks to work on it. I
6	honestly don't know who's got the burden of proof
7	right now. But if you want me to do something, you
8	better show something to me, to give me an excuse to
9	do it, respectfully.
10	So, is there a practical burden on you?
11	Yeah, uh-huh.
12	PUBLIC DEFENDER: Okay. I understand. So,
13	what I would proffer at this point is information that
14	you can mostly glean from the record. It's that Mr.
15	Webb is a very young man. You can see that visibly,
16	but also his information, his date of birth will
17	indicate that he is 22 years old. He does have a high
18	school diploma. He has lived in Knoxville all his
19	life. His parents live here, his grandparents live

2	guide for how we're going to do it except for the ping	
3	pong match that typically occurs when two passionate	
4	advocates are busting their tail, trying to get the	
5	best possible not right at this minute, but thank	
6	you.	
7	My bench clerk was passing me a note	
8	indicating that he could get me the 8/12 C misdemeanor	
9	warrants if that was needed. I think I understand	
10	what I would learn from them already.	
11	So, this is what I believe about what I've	
12	heard and this is what I believe generally. I think	
13	it would be unfortunate if in this country poor people	
14	can't be on release status on those same facts and	
15	circumstances where a rich person could be on release	
16	status. And so, as a result, monetary bond in this B	
17	felony, I'm reducing. With all due respect to the	
18	State's argument, I'm changing it to \$5,000. I'm	
19	leaving the C felony \$5,000 as it is. I'm not	
20	changing the domestic assault \$1,000 bond at this
