This image is a screenshot of a computer desktop. The screen is mostly black due to heavy redaction. At the top, there is a dark header bar with some white text that is illegible. Below this, a file explorer window is visible, showing a list of files and folders. A search bar is present at the top of the file explorer. In the center of the screen, there is a large, semi-transparent black box that obscures most of the content. On the right side of the screen, there is a vertical column of icons, likely from the Windows Start menu or taskbar. The bottom of the screen shows the Windows taskbar with several pinned icons.
